

MICROSOFT LICENSE ANALYSIS

Axelliant CSP Team will work with you and help you understand your existing licensing and how that licensing versus your current environment are affected by the current changes in Microsoft licensing.

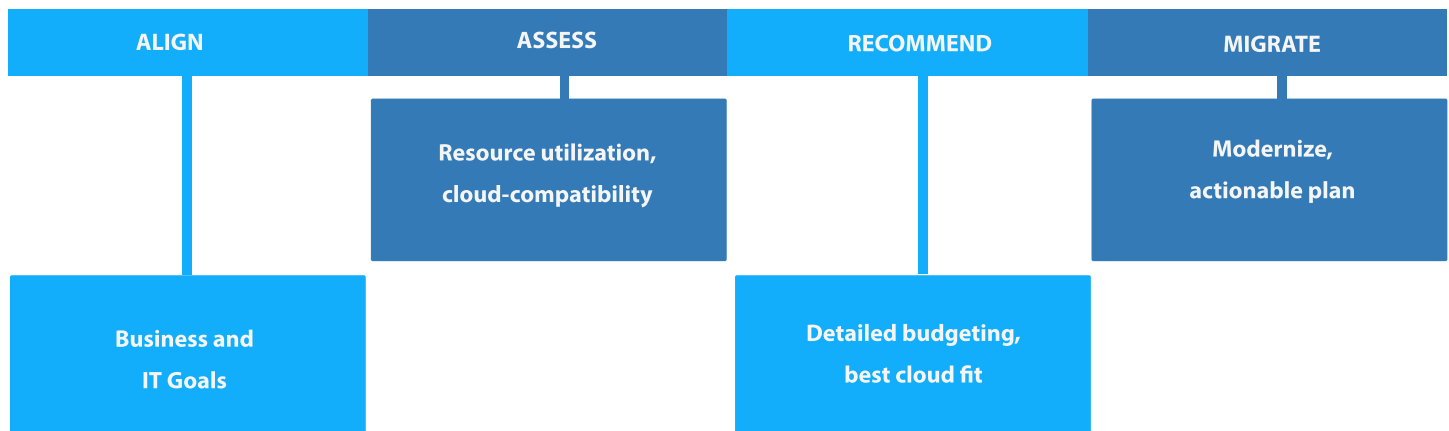

The Axelliant Microsoft Licensing Assessment:

Our CSP Team looks at your Microsoft License Summary (MLS) which captures all Volume Licenses purchased by your organization including subsidiaries.

MLS Analysis – Look at historical purchases, break down any possible concerns

Cloud Options – Discuss opportunities for moving On Premise product into cloud solutions

Comparison – Provide Cost comparisons to show cost savings for applicable Cloud Solutions

The Axelliant Microsoft License Analysis will:

- Build a complete report of current volume licensing
- Provide options based on your IT goals
- Help you understand how licensing changes affect your environment

How We Help?

- Align your business and IT goals first, not later
- Define a cloud strategy for your needs and objectives
- Supporting the need to scale up and down due to economic changes
- Provide an actionable migration plan
